The Phone Call

One night, your parents call you.

I wonder what it could be about?

Pick Up

The Phone Call

"Hi Jacob, I heard your school has a study abroad program in China. You should consider going. It'll help you better understand his roots as well as experience the diversity of other countries."

How do you respond?

“I’ll have to think about it.”

“Sure, I guess!”

“I’m really not interested.”
